PROFESSIONAL SUMMARY

Motivated and detail-oriented BCA graduate specializing in Mobile Application & Web Technology. Skilled in programming, SQL, data management, and graphic design. Strong communication skills with proficiency in English and Hindi.

CAREER OBJECTIVE

To secure a challenging role in software and web development where I can apply my technical expertise, creativity, and problem-solving abilities to deliver efficient solutions while enhancing my professional skills.

PROJECTS

1. College Management System (C#)

Developed a desktop application using C# and .NET Framework with modules like student management, course allocation, attendance, and result generation. Integrated SQL database for centralized data handling.

2. Furniture E-Commerce Website (ASP.NET + SQL)

Built a functional e-commerce platform supporting product listing, shopping cart, user login, and order placement. Backend fully powered by SQL Server for secure and reliable data storage.
